

Strategic Plan; Year 2016-21

Raghavendra Institute of Pharmaceutical Education and Research (RIPER)

An autonomous institution by UGC under JNT University Anantapur (JNTUA)
Accorded under Sections 2f & 12B of UGC and Accredited by NBA
Anantapuramu, Andhra Pradesh, India

*“This document is official document and was duly approved by Governing body (14.04.2016) and
academic council (10.05.2016) of the institution”*

Introduction

Raghavendra Institute of Pharmaceutical Education and Research (RIPER) guides the development of strategic plan for each unit of the institution and which in turn the unit strategic plans will integrate into the annual goals, objectives and metrics of the institution.

Vision

To create professionally competent and socially sensitive pharmacists, capable of working in multifaceted environment with newer evolving technology.

Mission

To enable our students to develop into outstanding professionals and aware of the immense responsibilities to make the world better in the field of pharmacy.

Values

The management, faculty, staff, students, alumni and other counter parts of this institution are articulated to achieve the mission of their institution through culture of respect, compassion, caring, advocacy, integrity, evidence-based decision making, continuous improvement and commitment to excellence and responsiveness to the needs of communities.

Goals

The Institution is committed to grow and excel in pharmaceutical education and research across the globe by equipping high quality faculty and students; infrastructure to facilitate research and scholarship; system to enhance service to communities and to embrace diversity, and to strength support for alumni, health care professionals and other needy and downtrodden communities.

Strategic plans; Year 2016-21

Strategic Plan I:

“Enhance and expand educational experiences that exceed the expectations of Stake holders”

Goal 1: Train and educate students to meet the requirement of diverse regional and national based stakeholders expectation in term of quality education.

Goal 2: Enrich the graduate competency and success rate through learner centric teaching and learning process.

Goal 3: Create and expand experimental training in pharmaceutical and health-care facilities to the needy professionals.

Goal 4: Strengthen placement and training for all levels of graduation through well programmed training activities of individual program.

Strategic Plan II:

“Increase the discovery of knowledge with pre-eminent research”

Goal 1: Enhance support and encourage faculty participation in achieving extramural funds and scholarships.

Goal 2: Facilitate opportunities for multi-investigator, multidisciplinary research collaborations with the College, University and with national and international colleagues.

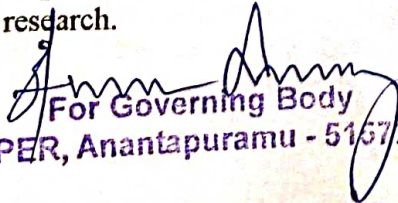

Goal 3: Generate plans to establish one or more research institutes or centre and demonstrate consistent upward trend in extramural funding for the institute and programs.

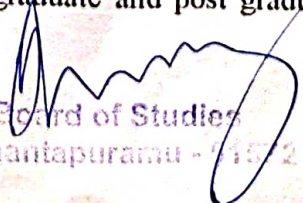

Strategic Plan III:

“Enhance the diversity of our academic community and increase the number of global learning experiences for students in accordance with individual program strategic plans.”

Goal 1: Encourage the admission and acceptances from under-represented students in accordance with individual program strategic plans.

Goal 2: Encourage the student community across the globe in undergraduate and post graduate education and research.

For Governing Body
RIPER, Anantapuramu - 515721.

For Board of Studies
RIPER, Anantapuramu - 515721.

Goal 3: Enhance the diversity of faculty and staff contribution within program and enhance learning and support services for students and the people we serve.

Strategic Plan IV:

“Increase the participation of faculty, student and alumni in professional and community activities”.

Goal 1: Enhance capacity of institutions to engage students in community health care service and in health profession organizations.

Goal 2: Increase student participation in community health care service and develop methods to measure the impact of student engagement in national services schemes.

Goal 3: Increase the number of students actively participating in professional organizations, chapters and in various societies.

Goal 4: Enhance capacity to engage students, alumni, health leaders and other stakeholders with institution initiatives.

Strategic Plan V:

“Develop additional resources to support the advancement of the institution mission”

Goal 1: Develop partnerships with industry and healthcare organizations to expand program initiatives through participation in entrepreneurial clinical service activities on behalf of the College

Goal 2: Strengthen the opportunities for faculty for upward trend to develop intellectual property rights.

Goal 3: Increase extramural scientific partnerships (nationally/internationally) with other universities and within the private sector in accordance with individual program strategic plans.

Strategic Plan VI:

“Build recognition of institution through enhanced public awareness of professions through Pharmacy Practice and innovative pharmaceutical education models”

Goal 1: Demonstrate evidence based and problem based teaching and learning practice for better pharmaceutical care competency among students and other allied health care professionals.

Goal 2: Distribute scientific knowledge through continuing pharmacy education and by active role in policy and formulary decision making.

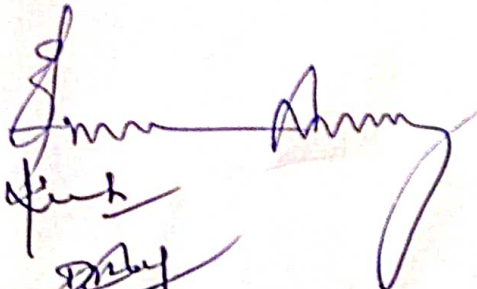

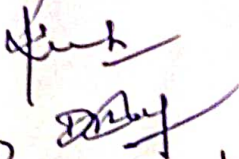

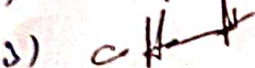

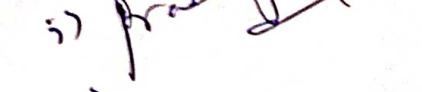

Goal 3: Develop a training and development plan to enhance the effective administrative set up and career development of the faculty and staff.

Goal 4: Advance patient centered pharmacy practice to utilize the pharmacist services to improve health care at lower cost through facilitation of research.

Expected Outcome:

Upon successful implementation of above strategic plans, the institution will be able to:

1. Enrich the students to meet the requirement of diverse regional and national based stakeholder's expectation in term of quality education.
2. Achieve faculty participation in extramural funds / scholarships /consultancy /global collaboration.
3. Strengthen the degree of faculty, students and alumni active participation in professional organizations, chapters and in various societies.
4. Create the opportunities for faculty for upward trend to develop intellectual property rights.
